

Sunday Children's Ministry

We have a partial service children's program on Sunday morning. This allows for your child to learn and worship with the congregation and, more importantly, with you during the first part of the service.

This procedure helps us keep your child safe and ensure that the transitions are smooth.

Sunday Morning Children's Ministry Procedure

1. Sign-in your child before the service and take a claim ticket.
2. Children stay with their parents or guardians during the first part of service.
3. Right before the sermon, there will be a slide on the screen announcing the start of Children's Scripture Time.
4. The children's ministry teacher and helper will escort the children to the children's ministry room where you checked in. The ushers will assist.
5. After service, follow the signs to the children's ministry room and claim your child. NOTE: We will not release your child until you claim them after service.
6. Please be prompt in picking up your child out of respect for our volunteers.
