

Nursery Health Guide

We want to ensure that all children in our care are protected from illnesses as much as possible. Illnesses can be stressful for families, especially when a little one brings home a sickness and spreads it through the entire home.

**DO NOT BRING YOUR CHILD TO THE NURSERY
if any of these conditions exist:**

<u>Fever</u> 100 degrees or higher within the last 24 hours	<u>Excessive Coughing or Sneezing</u> within the last 24 hours
<u>Runny Nose</u> with non-clear drainage	<u>Diarrhea</u> within the last 24 hours
<u>Rash</u> Any unexplained rash	<u>Vomiting</u> within the last 24 hours

Medications?

Word of Life Kids volunteers will never give medication to a child. Any medication must be administered by the parent or guardian of the child. This ensures the safety of your child, correct medication procedure, and legal safety of our volunteers.

The Word of Life nursery is a safe place for your child to play, grow, and hear the Gospel at an early age. Following this guide will go a long way to help creating a great environment for your child.
